

STRATA FLORIDA
YSTRAD FFLUR

SFAFS 2021 Cancellation

In light of the ongoing Covid-19 pandemic, it is with great sadness that the **Strata Florida Archaeology Field School 2021 has been cancelled**. Therefore, all courses and digger days scheduled to take place between **29th June to 25th July 2021** will no longer be running.

We have made this very difficult decision following discussion with our partners and funders; Allchurches Trust, The Prince's Foundation and Breaking Ground Heritage. Although we are disappointed not to be able to welcome you to Strata Florida this year, we all feel it is the right choice given the uncertain situation and continuing pandemic; the safety of our participants, staff, visitors, local community and suppliers is paramount.

Whilst there is talk of various target dates for covid restrictions easing (that vary across the four UK nations), these are just targets, not 100% confirmed. We had been optimistic that by summer 2021 the situation would have improved, but with new strains appearing and the lack of a full vaccination programme, things have not progressed as quickly as we had hoped to enable us to all be together on site safely.

However, we have already agreed dates for the **Strata Florida Archaeology Field School 2022!** We look forward to welcoming you to Strata Florida from **28th June to 24th July** next year when we will be able to continue excavating the farmyard, doing wider landscape surveys and ground-truthing. As always, our mission is to share Strata Florida's unique history, archaeology, heritage and links to Welsh culture, with as diverse an audience as possible, including members of the public, students, volunteers, veterans and others.

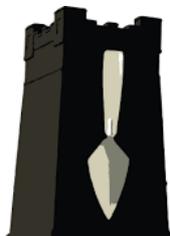

All existing bookings will have the option to either transfer to next year or receive a full refund. If you have any questions, would like to book for next year, or be added to our mailing list for updates and information about the 2022 Field School, please contact us at info@strataflorida.org.uk

Thank you for your continued support and understanding and hope you all stay safe and well.
